6/8/05	A04-07-044	Pacific Gas and Electric Company, to revise its gas rates and tariffs to be effective July 1, 2005.
--------	------------	---

**Summary:** On June 7, 2005, Avis Clark of Calpine Corporation, representing the California Cogeneration Council (CCC), met with Brian Prusnek, advisor to Cmmr. Kennedy, in San Francisco. Also present were R. Thomas Beach, the CCC's expert witness, and Joseph M. Karp from White & Case, LLP, the CCC's counsel. Written material (attached to the notice) was used. The CCC's representatives stated that self-generation incentive program gas costs should not be allocated to electricity generators on an equal cents per therm basis and instead should be allocated on the same basis as energy efficiency program costs. CCC's representatives commented that the Commission should reject the proposed decision's (PD) continued use of the replacement cost adder and of the 'new customer only' method for calculating marginal customer costs.
